

MANUEL GABRIEL REMENTILLA

Olongapo City, Central Luzon 2200 | +63 927-9511-078 | rementillamanuelgabriel@gmail.com

SUMMARY

I am an Information Technology student with professional experience supporting customer operations through enterprise cloud platforms, identity management systems, and CRM environments in a high-volume BPO setting. My background has strengthened my analytical thinking, troubleshooting, technical documentation, and research skills while maintaining operational accuracy, security compliance, and service quality. Through hands-on projects and Microsoft Security, Compliance & Identity Fundamentals (SC-900), I continue expanding my expertise for IT Support, Service Desk, Technical Operations, and entry-level Cybersecurity roles.

EDUCATION

Gordon College, Olongapo City **08/2025 - Present**
Bachelor of Science in Information Technology

EXPERIENCE

Customer Service Representative - Retention Operations **12/2025 - 05/2026**
Buwelo BPO Solutions

- Utilized enterprise platforms including **Five9**, **Amazon WorkSpaces**, **JumpCloud**, and **Americor PATH** to investigate customer accounts, perform account verification, diagnose service issues through root cause analysis, and execute appropriate resolutions within a high-volume production environment.
- Maintained accurate documentation, data integrity, and workflow execution across multiple cloud-based systems while ensuring compliance with operational procedures, security policies, and service quality standards.
- Adapted to evolving business processes, software platforms, and operational priorities while collaborating with supervisors and cross-functional teams to resolve complex cases and maintain service continuity.

Campus Journalist & Broadcast Media Contributor **06/2022 - 04/2023**
OCNHS Television-Based Broadcast Instruction (TVBI)

- Conducted structured research, source verification, and information validation to ensure the accuracy and integrity of published and broadcast content while maintaining organized editorial documentation.
- Supported live broadcast operations through script preparation, production coordination, digital asset management, and media editing using **CapCut**, ensuring timely content delivery under strict deadlines.
- Collaborated with cross-functional production teams to coordinate workflows, adapt to evolving priorities, and maintain clear communication throughout fast-paced media operations.

PROJECTS

Capstone Project – C-Credit Digital Payment System **12/2024 - 04/2025**
Project Leader | Full-Stack Developer | Researcher

- Developed a campus cashless payment system integrating **NFC**, **RFID**, and **Supabase** with features including user authentication, account balance management, transaction processing, and real-time database synchronization, achieving a **90% user approval rating** during beta testing.
